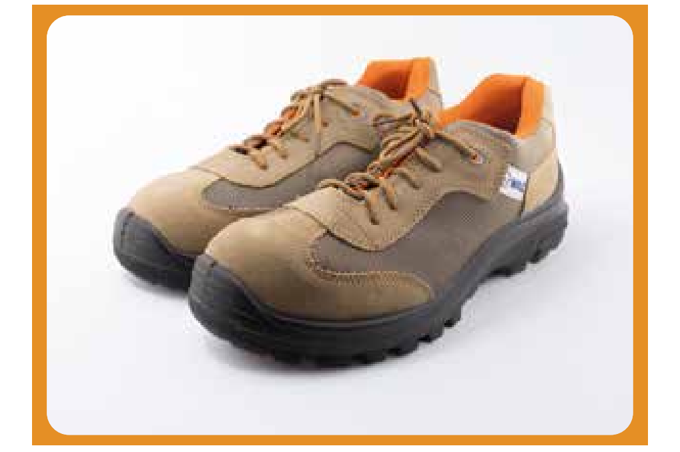
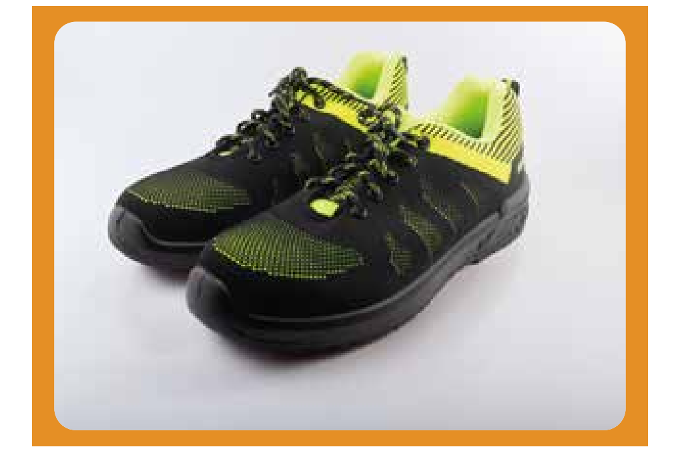
Rangers WAQ — Safety Footwear



SKU: SS-12S-S1P

EN ISO 20345:2022 certified
Steel toe (200J) and steel midplate (1100N)
Beige suede cow leather and fabric upper
Beige suede cow leather and fabric upper
Dual density PU (DDPU) sole (slip and oil-resistant)
Anti-static with moulded EVA footbed

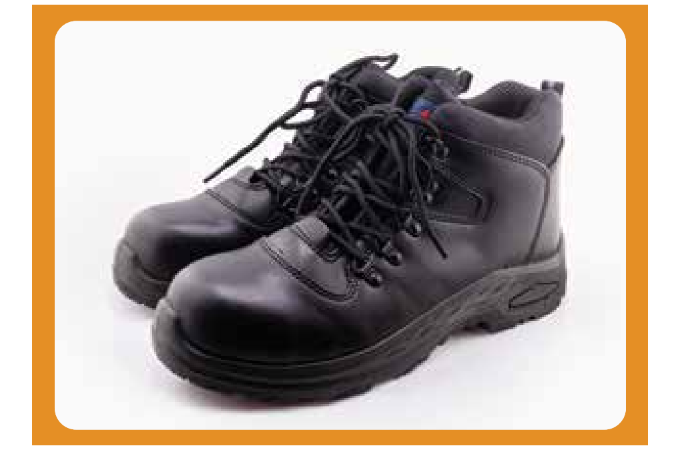
Sizes Available: 38–47



SKU: SS-18-S1P

EN ISO 20345:2022 certified
Steel toe (200J), steel midplate (1100N)
Breathable fabric upper with sandwich lining
Dual density PU (DDPU) sole (slip and oil-resistant)
Anti-static with breathable PU foam footbed

Sizes Available: 39–47

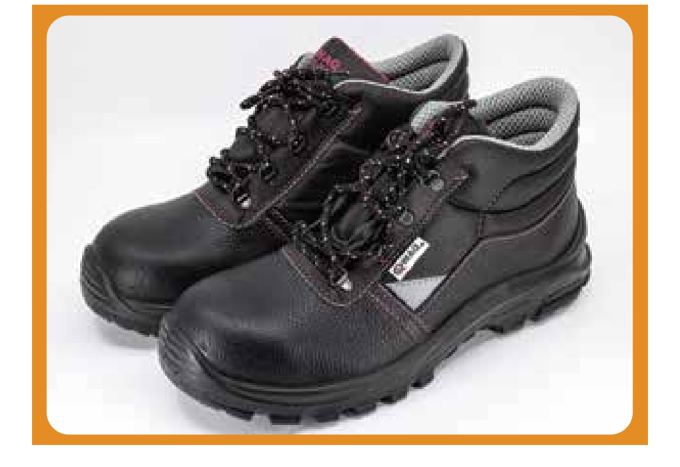


SKU: SS-21-S3

EN ISO 20345:2022 S3 (water-resistant)
Lightweight plastic toe (200J) and steel midsole (1100N)
Microfiber leather upper
Dual density PU (DDPU) sole (slip, oil and heat-resistant)
Anti-static, non-marking, breathable PU foam footbed

Sizes Available: 39–47

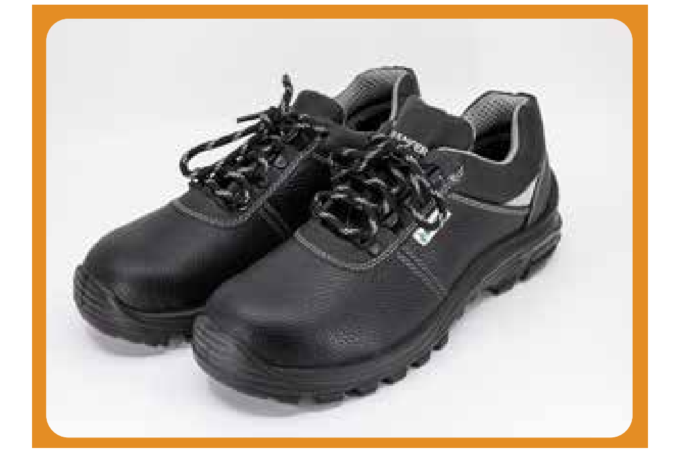
Rangers WAQ — Safety Footwear



SKU: SS-25-S3

EN ISO 20345:2022 S3 (water-resistant)
Steel toe (200J), steel midplate (1100N)
Barton printed split leather with side reflector
Dual density PU (DDPU) sole (slip, oil and heat-resistant)
Anti-static with moulded EVA footbed

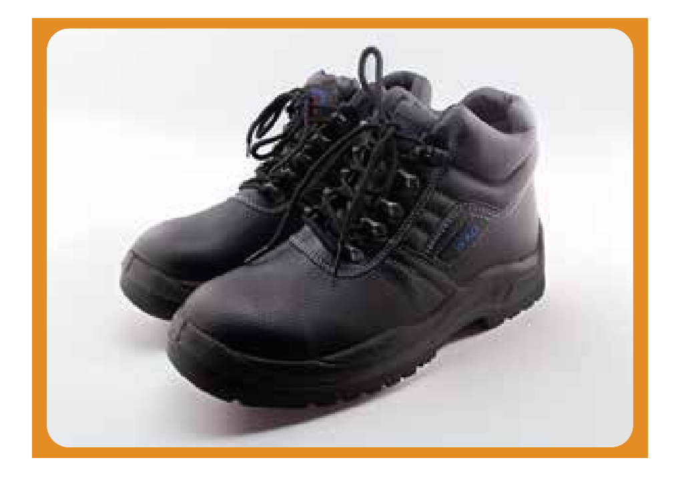
Sizes Available: 38–47



SKU: SS-26-S3

EN ISO 20345:2022 S3 (water-resistant)
Steel toe (200J) and steel midplate (1100N)
Barton printed split leather with side reflector
Dual density PU (DDPU) sole (slip, oil and heat-resistant)
Anti-static with moulded EVA footbed

Sizes Available: 38–47

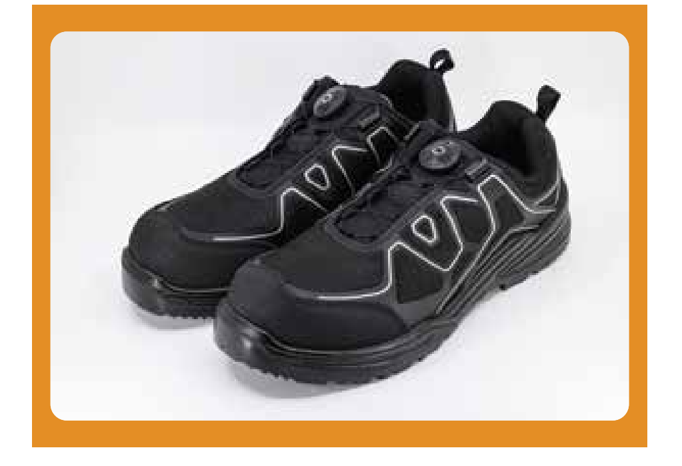


SKU: SS-49-S3

EN ISO 20345:2022 S3 (water-resistant)
Steel toe (200J), steel midplate (1100N)
Barton printed microfiber with counter reflector
Dual density PU (DDPU) sole (slip, oil and heat-resistant)
Anti-static with moulded EVA footbed

Sizes Available: 38–47

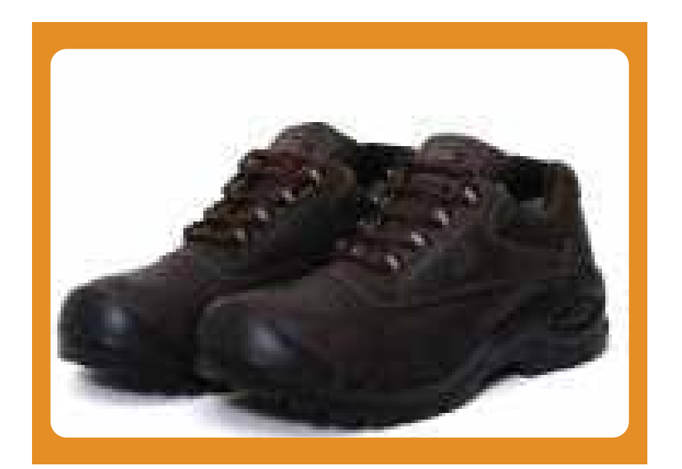
Rangers WAQ — Safety Footwear



SKU: SS-59-S1P

EN ISO 20345:2022 certified
Composite toe (200J) and Kevlar insole (1100N)
Mesh/TPU/leather upper with quick-release lacing
Dual density PU (DDPU) sole (slip, oil and heat-resistant)
Anti-static with breathable PU foam footbed

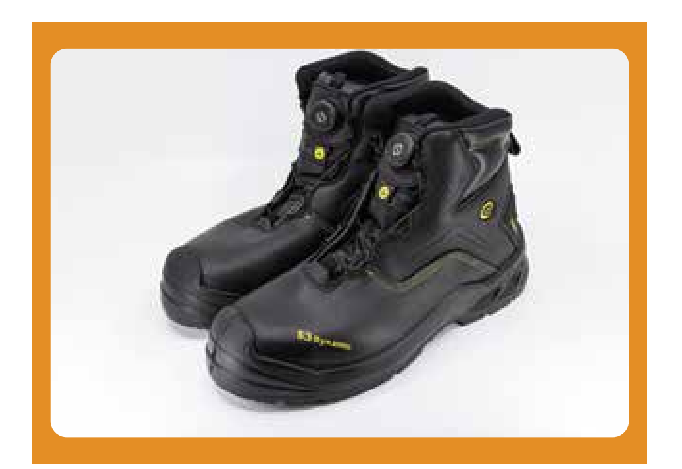
Sizes Available: 39–47



SKU: SS-136-S3

EN ISO 20345:2022 S3 (water-resistant)
Composite toe (200J) and Kevlar insole (1100N)
100% non-metallic crazy horse leather upper
Dual density PU (DDPU) sole (slip, oil and heat-resistant)
Anti-static with breathable PU foam footbed

Sizes Available: 39–47

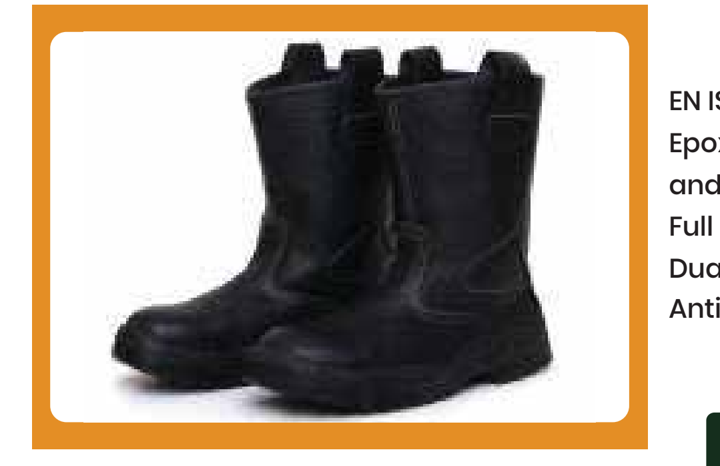


SKU: SS-138-S3

EN ISO 20345:2022 S3 (water-resistant)
Composite toe (200J) and lightweight Kevlar insole (1100N)
100% non-metallic nubuck leather (ESD and counter reflector)
Lightweight RBPU sole (slip, oil and 300°C heat-resistant)
Anti-static with breathable PU foam footbed

Sizes Available: 40–47

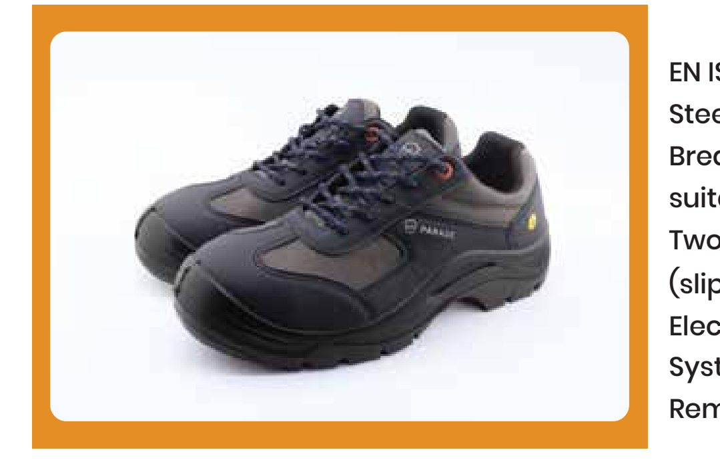
Rangers Parade — Safety Footwear



SKU: SS-161-S3

EN ISO 20345:2022 S3 (water-resistant)
Epoxy-coated stainless steel toe (200J)
and steel midplate (1100N)
Full grain leather upper (9-inch height)
Dual density PU (DDPU) sole (slip, oil and heat-resistant)
Anti-static with moulded PU footbed

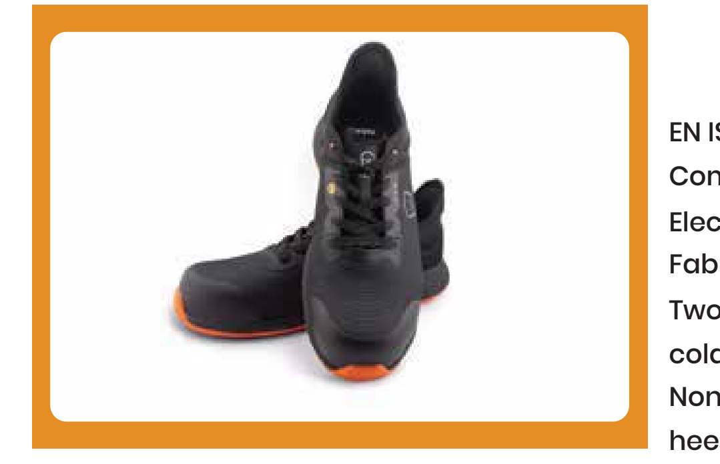
Sizes Available: 38–47



SKU: ABORA-9822

EN ISO 20345:2022 S1P SR FO CI HI
Steel toe and metallic anti-puncture sole
Breathable microfibre upper with 3D mesh lining,
suitable for hot environments
Two-density polyurethane sole
(slip, hydrocarbon, cold/heat insulated)
Electrostatic dissipation (ESD) with VPS
System for arch support
Removable mesh over PU foam insole

Sizes Available: 39–47

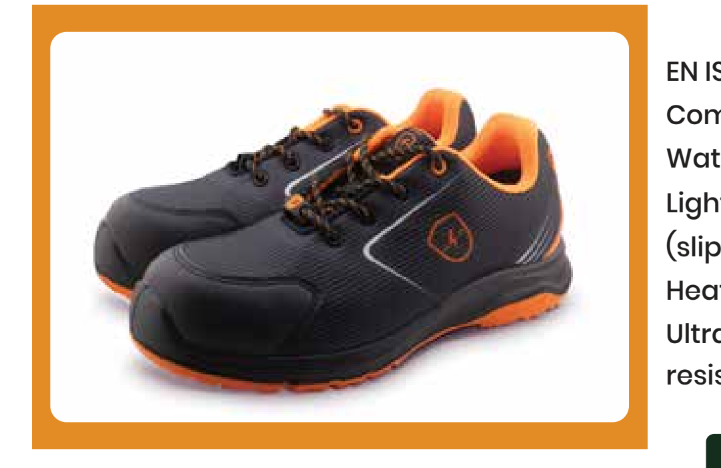


SKU: ELECTA-9824

EN ISO 20345:2022 SB SR FO PS CI HI E and ASTM F2413-18 M I C EH PR
Composite toe and insulating fabric anti-puncture sole
Electric insulation in dry environments (1000V AC–1500V DC)
Fabric upper with injected PU front reinforcement
Two-density insulating polyurethane sole (slip, hydrocarbon, cold/heat insulated)
Non-magnetic and breathable, with DRS shock-absorbent heel and VPS arch support

Sizes Available: 35–48

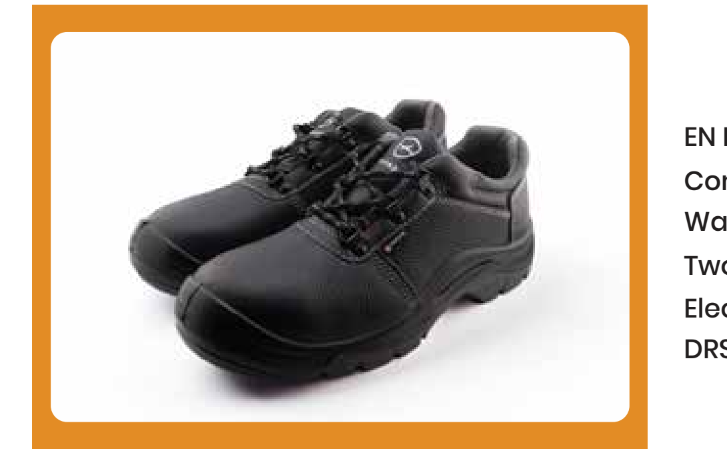
Rangers Parade — Safety Footwear



SKU: ISTELLA-9814

EN ISO 20345:2022+A1:2024 S3S SR FO HRO CI SC
Composite toe and ultralight textile anti-puncture sole
Water-repellent textile upper with TPU front reinforcement
Lightweight EVA/nitrile rubber pad sole
(slip and hydrocarbon-resistant)
Heat-resistant outsole (HRO up to 300°C) and cold insulated (CI)
Ultralight (420g), non-magnetic, ESD, with abrasion-resistant stone guard

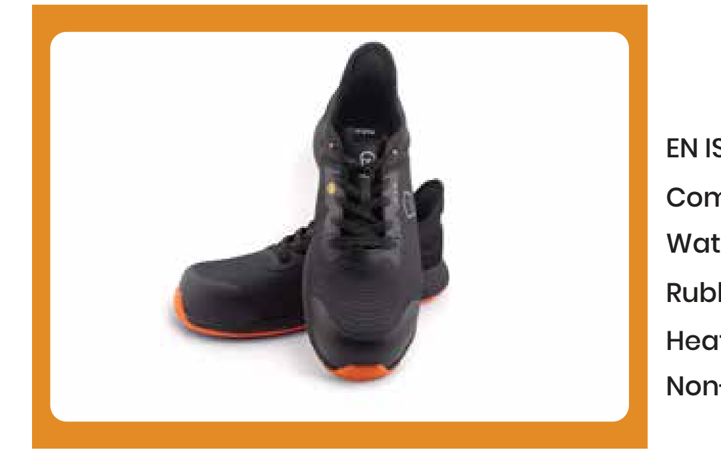
Sizes Available: 36–47



SKU: ROOVER-1844

EN ISO 20345:2022 S3 S SR E FO ESD WPA and ASTM F2413-18 I C PR SD
Composite toe (200J) and Kevlar anti-puncture insert
Water-repellent smooth cow leather upper
Two-density polyurethane sole (slip and oil/fuel-resistant)
Electrostatic dissipating (ESD) and non-magnetic
DRS 2 shock-absorption heel, VPS arch support and Be flex 2.0 sole

Sizes Available: 36–47

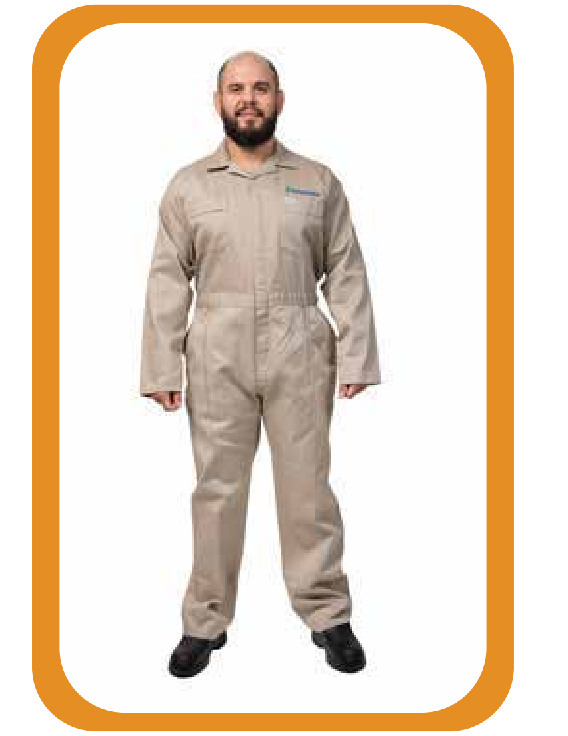


SKU: SLAMER-8824

EN ISO 20345:2011 S3 SRC HRO
Composite toe (200J) and non-metallic anti-puncture insert
Water-repellent microfibre and split leather upper
Rubber/EVA sole (anti-slip and oil/fuel-resistant)
Heat-resistant outsole (HRO) with high resistance to tearing
Non-magnetic with added heel reinforcement for support

Sizes Available: 35–48

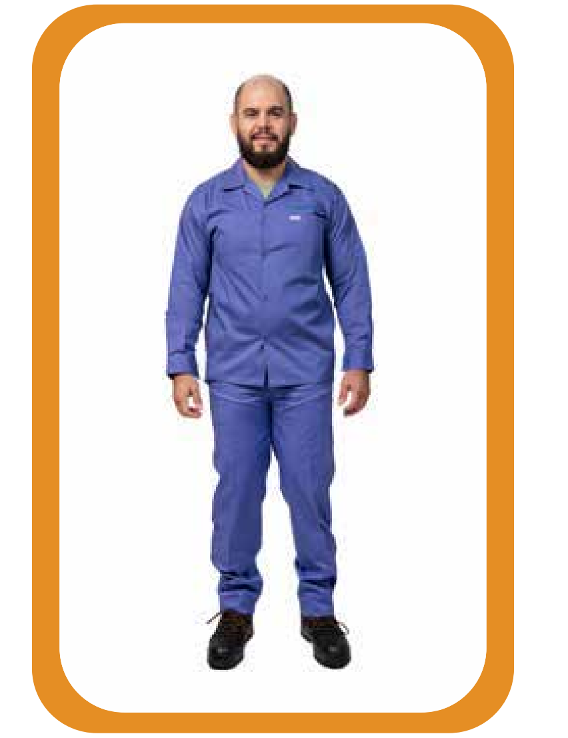
Rangers WAQ — Safety Footwear



SKU: RA-PCC160

60/40 Polycotton Coverall
EN ISO 13688:2013 certified (General requirements for protective clothing)
60% polyester and 40% cotton blend fabric
Fabric weight of 160 GSM
Sanforized and mercerized for minimum shrinkage and colour bleeding
Features two-way front zipper, multiple utility pockets and elasticized waist
Colours Available: Petrol Blue, Dark Blue, Grey, Beige, Orange, Red

Sizes Available: Small–5XL

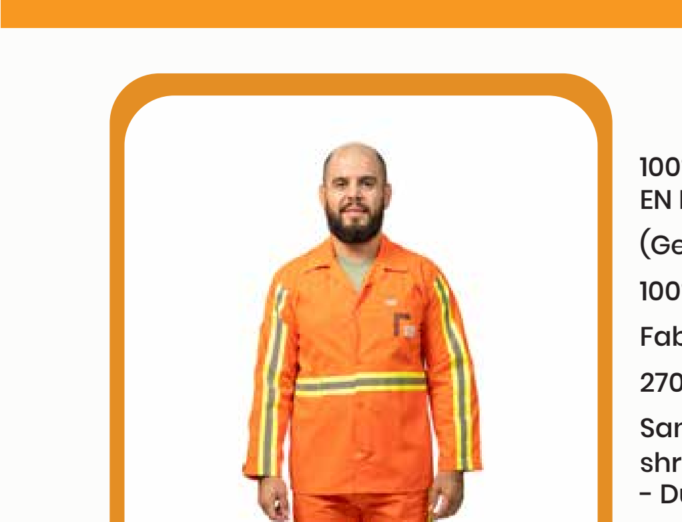


RA-PCU160

60/40 Polycotton Uniform (Pant / Shirt)
SKU: RA-PCU160
EN ISO 13688:2013 certified (General requirements for protective clothing)
60% polyester and 40% cotton blend fabric
Fabric weight of 160 GSM
Sanforized and mercerized for minimum shrinkage and colour bleeding
Durable industrial stitching, multi-pocket shirt, and reinforced trouser seams
Colours Available: Petrol Blue, Dark Blue, Grey, Beige, Orange, Red

Sizes Available: Small–5XL

Rangers WAQ — Safety Footwear

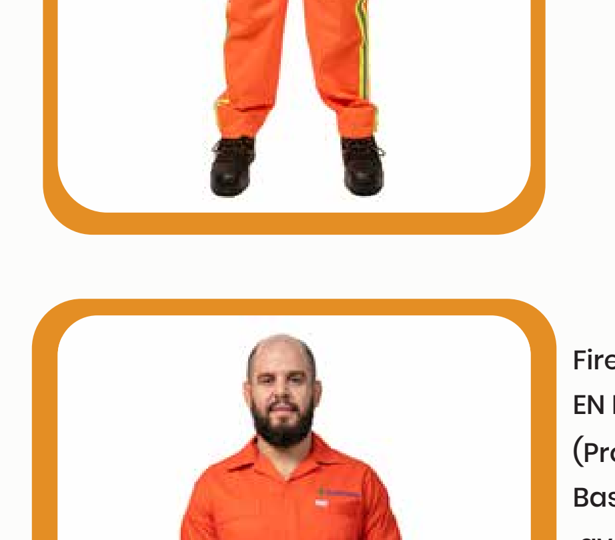


SKU: RA-CTU240

100% Cotton Uniform (Pant / Shirt)
EN ISO 13688:2013 certified
(General requirements for protective clothing)
100% premium cotton twill fabric
Fabric weight of 240 GSM (also available in 270 GSM and 300 GSM for heavy-duty applications)
Sanforized and mercerized for minimum shrinkage and colour bleeding
- Durable industrial stitching, multi-pocket shirt, and reinforced trouser seams

Colours Available: Petrol Blue, Dark Blue, Grey, Beige, Orange, Red

Sizes Available: Small–5XL



SKU: RA-FRC200 / RA-FRU200

Fire-Retardant (FR) Coveralls & Uniforms
EN ISO 13688:2013 and EN ISO 11612 certified
(Protection against heat and flame)
Base option: Treated 100% premium cotton fabric, available in 150 GSM, 210 GSM, and 300 GSM
Premium upgrades available: Inherent Fire-Retardant (IFR 320 GSM), Nomex® IIA/IIIA, and FR / Anti-Static blends (EN 1149-5)
Sanforized and mercerized for minimum shrinkage and colour bleeding
- Features flame-resistant sewing threads, concealed heavy-duty brass zippers, and reinforced stress points

Petrol Blue, Orange, Red (custom colours and designs available upon request)

Sizes Available: Small–5XL
